# Collaboration Action Plan: What and Why

# Mission Statement and Goals

To address barriers faced by service providers who serve women with co-occurring IPV, HIV, and SUD, our collaborative partnership will adapt evidence-based interventions to the needs of women in a southern county in the United States, to positively impact our community and address the goals below.

**Goal 1.** CWF, PIRE, and VOA will work together to enhance HIV testing and referral and improve access to HIV prevention and treatment services.

**Goal 2.** CWF, PIRE, and VOA will work together to integrate IPV screening protocols for women seeking HIV services at VOA.

**Goal 3.** CWF, PIRE, and VOA will work together to reduce stigma among providers at CWF and VOA about IPV and co-occurring HIV and SUD risks.

# Funding Information

- **Funding Opportunity Number: WH-AST-19-001**
- **CFDA Number: 93.088**  
**GRANT: 12880186**

Thank you!
